

The Project is mainly performed in project meetings. These meetings take place at the Partner institutions and can contain different elements:

- Visits of the host institution
- Visits of institutions connected to the host institution which work on a systemic base
- Conferences
- And - mandatory - a day for evaluating the process and planning issues

Performed Meetings:

-spread of good practice .

1. MOTIVATION FOR PROJECT

and why it's needed.

- improve development & retention of staff
- learn from others about their experience of systemic sw influence on...
- share & influence others.
- improving practice
- improving education
- increase awareness of SSN

2. CONCRETE OBJECTIVES

- guide = ~~literature search~~ - dissemination of practice to other partners
- identify common principles through search of literature and practice applications in/with each partner.
- network

3. WHAT SUBJECTS OR PROBLEMS

- TO BE ADDRESSED.
- to identify differences & commonalities in practice
- to address each level of practice

4. YOUR APPROACH TO ACHIEVING OBJECTIVES

- Meetings
